

Policy Coverage and Limitations Guidelines

1. Coverage Commencement

Coverage begins on the policy start date as specified in the contract. No claims are valid for incidents occurring before this date.

2. Maximum Coverage Limits

Each policy defines a maximum coverage amount. Claims exceeding \$50,000 require prior approval from senior management.

3. Exclusion Clauses

Standard policies exclude coverage for intentional damage, neglect, and damages caused by unlawful activities.

4. Duration of Policies

Policies have specified durations, commonly twelve months. Renewal notices are sent sixty days before expiration.

5. Policy Modifications

Any modifications to policy coverage require written consent from both the policyholder and the insurer.

6. Claim Frequency Limits

The company reserves the right to limit claim approvals to a maximum of three claims within a rolling twelve-month period to prevent abuse.
